*Allowable Subject Matter*

1. Claims 18-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The present invention also provides a mechanism for providing tactile feedback to the user for other conditions as desired by software within the computer for cursor control device. Independent claims 18 and 19 are identified the uniquely distinct feature: ” a control device for sensing a predefined condition and providing an electrical signal to activate the piezo-electric assembly; and wherein the piezo-electric assembly is mechanically coupled to the bottom of the cursor control device to deliver the vibrations to the user; and an input suppression module coupled to the cursor control device, the input suppression module adapted to deactivate the cursor control device for a pre-determined period of time in response to detecting the electrical signal generated by the control device. The closest art, Seffernick et al., Amano and Saarmaa et al. as discussed in the Office Action on 1.10.05 disclose related input device, either singularly or in combination fail to anticipate or render the above underlined limitation obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
